Computer Training
FOR 8 YEARS

Professor Teaches Office 2007 & Windows Vista

is the most complete training available for all your software training needs. This comprehensive tutorial set provides in depth training on Microsoft Windows Vista and Office including Word, Excel, PowerPoint, and more.

Windows Vista

Windows Vista offers a breakthrough user experience that helps you organize, view, and search in powerful new ways. New Explorers, Instant Search, a radical, new Aero graphical experience, and Flip 3D are all designed to simplify the way you work.

**Increase your productivity
at work or home!**

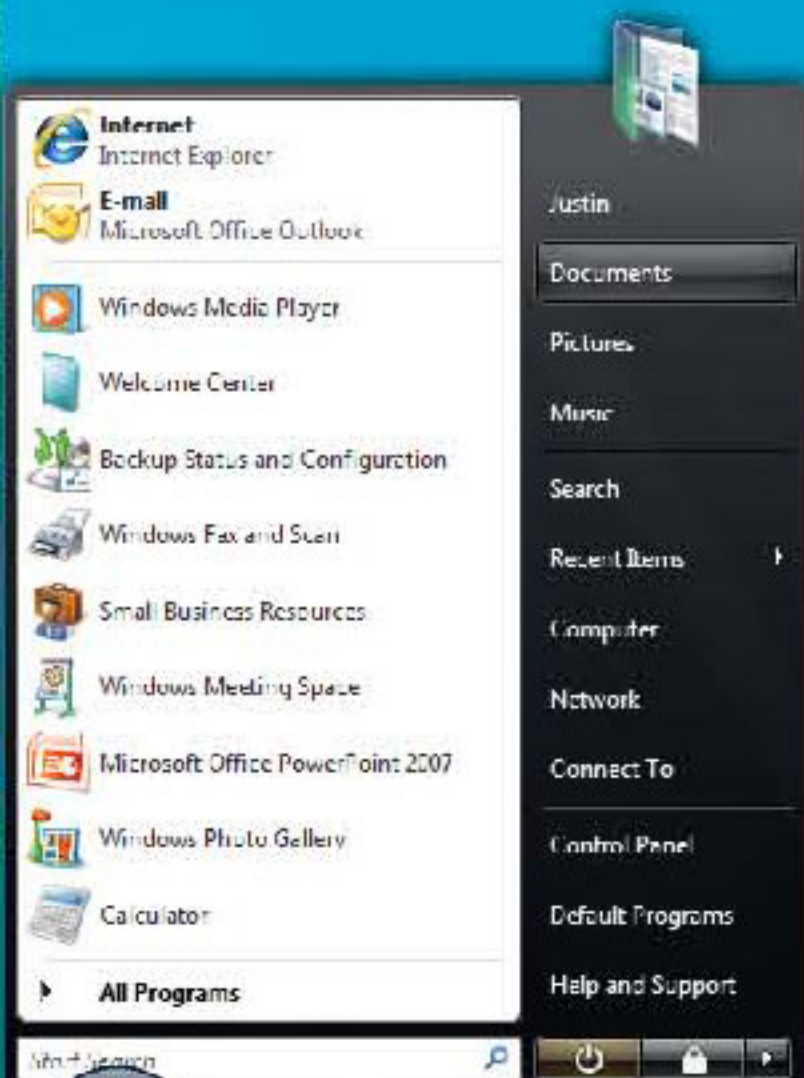

Take Advantage of New Ways to Search & Organize Files

Find anything on your PC quickly with powerful, integrated search features. Never browse folders again. Discover new ways to stack documents, embed with keyword tags, and use enhanced column headers.

Find Out How to Add the Latest Sidebars & Gadgets

Learn to use and personalize a huge variety of new gadgets that can deliver weather, news, maps, radio, games, photos, and more — right onto your desktop.

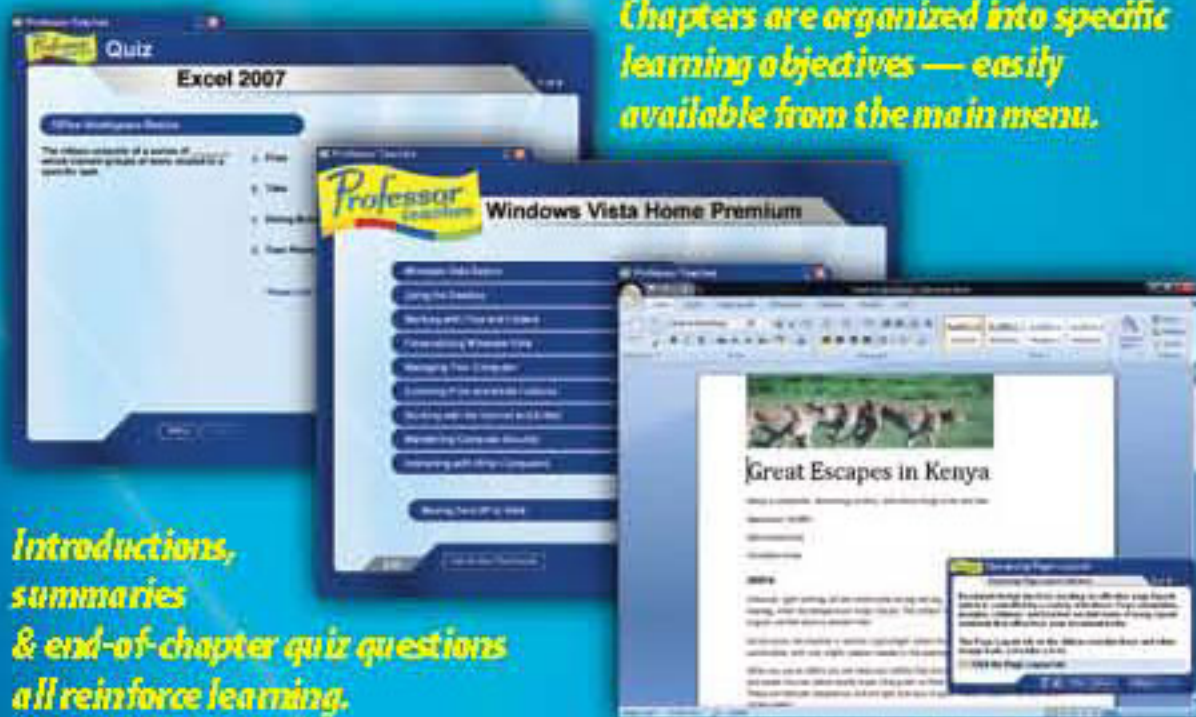

Microsoft Office 2007 & Microsoft Windows Vista

Professor Teaches®, the leading brand of training, provides realistic, interactive, and complete training for **Office 2007 & Windows Vista**. Build your skills and learn everything you'll need, from beginning to advanced topics. Each interactive tutorial is organized for fast and easy learning with practical exercises that build skills quickly and effectively.

Chapters are organized into specific learning objectives — easily available from the main menu.

Introductions, summaries & end-of-chapter quiz questions all reinforce learning.

Self-paced, interactive lessons allow you to practice in a realistic simulation of the software.

No Other Training is More Complete!
