3D LANDSCAPE & DECK DESIGN

Gardens & Plants

Powerful Features for Perfect Plants & Gardens

GARDENS & PLANTS

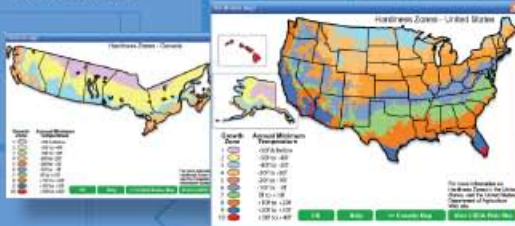

Ideas & Inspiration for Your Garden

Plant Encyclopedia

Browse 4,600 plants based on 20 different characteristics and plan the perfect garden. View photos, descriptions, and details of plants. It's the most powerful plant research tool available.

View photos, descriptions & details of plants

Hardiness maps make it easy to decide which plants are ideal for your location.

Visualize how your plants will look in three, five, or ten years.

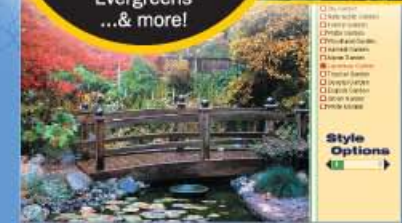

Visualize how sunlight will affect your design at any time of day.

Visualize how shadows will fall across your yard during each season.

Thousands of Plants

- Trees • Shrubs • Annuals
- Perennials • Grasses
- Fruits • Vegetables • Herbs
- Cactus • Ferns • Palms
- Bulbs • Vines
- Evergreens
- ...& more!

Style Options

View hundreds of award-winning landscapes created by professional designers.

Pathways & Terrain

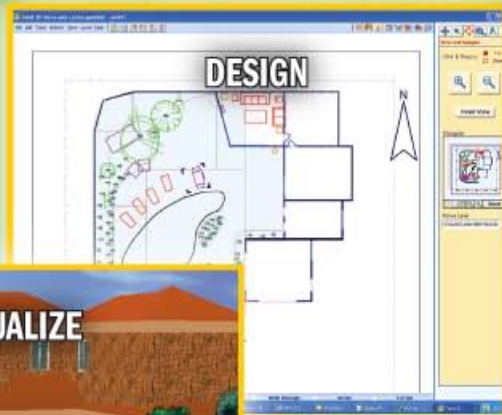

Visualize Expensive Projects Before You Start

PATHWAYS & TERRAIN

Create Dream Yards!

Design the Yard of Your Dreams!

Transform the look of your yard with a powerful, realistic 3D dynamic image-rendering tool. No other software is as easy-to-use and powerful for illustrating your designs with realistic results.

Color-coded plans make it easy to identify different parts of your designs.

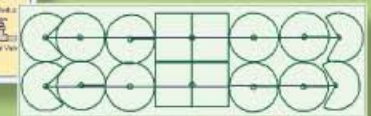

Color-Coded Design Plan

View your design in full color and easily identify furniture, plants, windows, fences, and more in your design.

Irrigation Systems

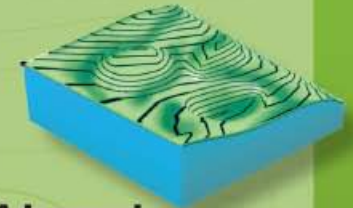

Keep your yard looking beautiful by designing a custom irrigation system. Select from a variety of pipes and sprinkler heads that meet your irrigation needs.

Specify type of sprinkler, PVC tubing, spray pattern & more.

Advanced Terrain Features

Identify the subtle contours and elevations of your yard with advanced terrain features. Add hills, berms, terraces, and other topography elements. Mold the size, shape, and slope to your specifications.

BONUS!

How-To Video! Black & Decker® Home Improvement Library™

Get hours of advice on how to successfully complete common landscaping projects. Experts demonstrate how to install a gate, lay a brick patio, build a concrete block wall, and more!
